Missouri Department of Economic Development – BCS Historic Tax Credit Program 301 W. High Street Jefferson City, MO 65101

I am writing to express my complete support for the Exact's application for the ABC/Anderson Historic Buildings being submitted to the Missouri Department of Economic Development.

The proposed Anderson Historic Redevelop project, located at 1) 3240 Main Street 2) the ABC Storage Building located at 3244 Main Street in Kansas City, Missouri are crucial and compatible with the efforts being made to redevelop and reinvigorate the aging historic buildings along Main Street, KCMO.

As Councilperson serving the  $4^{th}$  District at Large, I am confident that the completion of this multifamily project will contribute to KC's economic growth by expanding housing options and increasing safety and walkability in the area . This will allow new services and new opportunities into the corridor of this Main Street area.

I am aware of Exact Partners and related Affiliates previous and ongoing historic projects in Kansas City and have full faith in their ability to execute a project of this scale.

As such, I believe this project deserves consideration for approval from the Missouri Department of Economic Development for its Historic Tax Credit Program.

Thank you for your consideration of the Exact application. Please feel free to contact my office directly if I can be of any further assistance.

Sincerely,

Katheryn Shields

Councilwoman, 4<sup>th</sup> District at Large
